

Layers

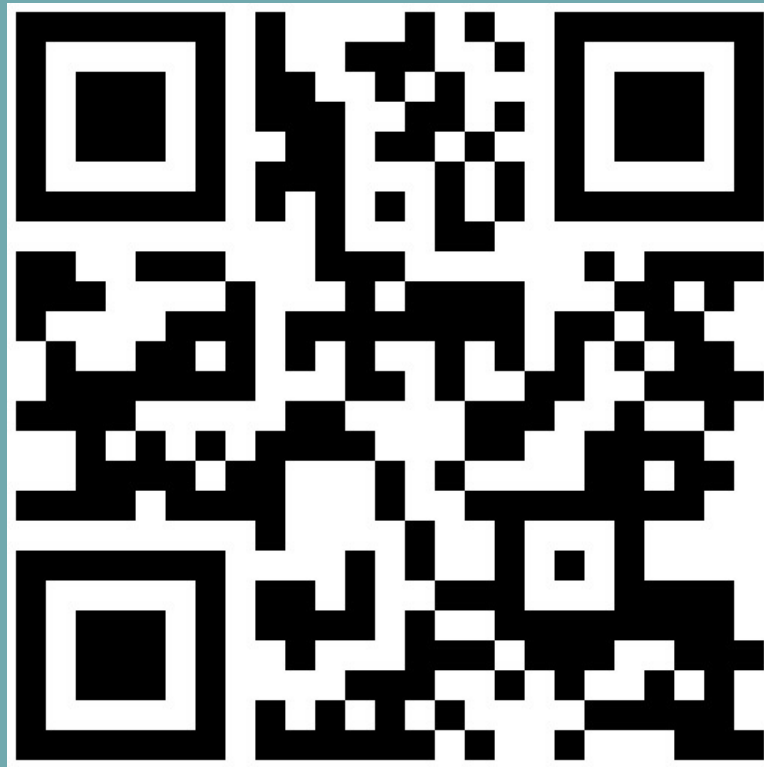

of

THE ATMOSPHERE

QR SCAVENGE

HUNT

WATCH this video from
YouTube! Write down
each name of the
layers and one fact
about each as you
watch.

Which layer of the atmosphere do we live in? (Provided we don't live on top of a mountain :))

Read about each layer
here! SAVE the images
to your device for later
review! We will dissect
them as a class!

**TIPTOP: read about the
IONISPHERE here!!**

Sadly, humans have
caused damage to our
atmosphere and climate.
DOWNLOAD this app
from NASA that shows
images of this CHANGE

WATCH THIS video as
a reflection of what
we learned today!

**Which layer of
the atmosphere
would you want
to visit? Why?
Why can't
humans/plant life
survive in any
other layer but
the troposphere?**
